TRAVEL REVIEW SITES:

Nothing is more important to us than the complete satisfaction of each and every guest. We consider the comments of each guest — whether good, bad, private or public — thoroughly and seriously. Our policy, however, is not to respond publicly to a customer's comments whether posted on TripAdvisor or elsewhere. We believe that TripAdvisor and similar platforms are helpful to consumers only if they operate freely, openly and without any input from the owner. We believe strongly in the free exchange of ideas and, therefore, will not interfere or otherwise chill or impede that exchange by posting a response as the 'last word.' Instead, we will let the time, care, expense and attention we devote to our property and guests speak for itself.

SAFEKEEPING OF VALUABLES:

The guests are required to keep the money and their belongings of value in the appropriate safes with which each room is equipped. At the reception you can request to deposit items of exceptional value in the safe of the structure. Therefore, any complaints by guests about the alleged disappearance of such items left unattended will not be taken into account by the management.

OBJECTS LEFT AFTER DEPARTURE:

Guests are kindly requested, before leaving, to check that objects and clothes are not forgotten in the rooms. The Management of Monteverdi keeps everything found for about 30 days from the date of release of the room. After this period, in the absence by the customer of requests for shipment or recovery by agents, we provide for the elimination of such items or clothing.

Requests for shipments by guests at home must be paid in advance for an amount of € 100.00 plus shipping costs.

AESTHETICS AND THE ENVIRONMENT:

At Monteverdi Tuscany, we have restored and designed each room in a manner that preserves and protects the amazing Tuscan environment. We reclaim and reuse materials like beams, floors, doors and stones that are hundreds of years old and had prior lives centuries ago in farm houses, barns and other buildings throughout the Tuscan countryside. Consistent with the construction techniques since the founding of our village in the 12th century, our walls are several feet thick to keep them naturally warm in winter and cool in summer. This feature was crucial for the peasant farmers who are our ancestors in this place. It is more important today as our environment is exponentially more threatened.

The manner and style in which we have integrated old materials with modernity creates the Monteverdi aesthetic — a simple, striking and unique harmony in which every detail surrounds you with a continuum of beauty that is ancient and modern in the same space, at the same moment in time.

For these reasons we choose not to mar our aesthetic nor harm the environment by filling our rooms with appliances like individual coffee makers or mini-refrigerators.

In addition to pleasing your sense of style and beauty, your comfort is our highest goal. We have a receptionist on duty at all times, 24 hours day, while our concierge service is available between 9:00 a.m. and 8:00 p.m. every day. If at any time you would like a cup of espresso, pot of tea or anything, it will be brought to your room immediately. If you do want your own espresso machine in your room, we will also bring one to you. During one of your adventures through the Tuscan countryside to a vineyard, butcher or cheese shop, you might purchase something to eat and drink in your room. The concierge at our front desk has a refrigerator for storage. You may retrieve your items at any time or they will be brought to your room on demand. Just ring the front desk, literally at any time day or night.

We are so happy that you have chosen to live with us in Tuscany for as long as possible.

Many thanks.
