

Wellness Center

Medical Director: Dr Ezio Stortini

Aesthetic Medicine

Enhance the skin's appearance with non-invasive medical procedures including laser treatments, fillers, injections and peels, all performed by a licensed medical staff.

CoolPeel CO2 Laser Treatment	Reveal healthier, smoother skin, reduce the appearance of fine lines and sun damage, minimize pores, and improve skin texture. CoolPeel® uses high energy in extremely short pulses to deliver impressive skin resurfacing results tailored to your needs with minimal downtime.	45 minutes €250 - 1,000
Non-surgical Lifting (Ultherapy)	Activate collagen through a state-of-the-art treatment. Using non-invasive ultrasound technology, Ultherapy is designed to treat skin on the neck, chin, brow and décolletage. In the weeks to months following treatment, Ultherapy rebuilds collagen and activates elastin to reduce the appearance of lines and wrinkles by tightening and lifting the skin for natural, visible results.	1 - 2 hours €800 - 3,500
Custom Chemical Peel	Custom peels result in skin that is smooth, radiant, and visibly healthy. After a personalized assessment of your skin, a high-yield of salicylic acid, pyruvic acid, retinoic acid or TCA acid will be applied to reveal fresh, radiant and healthy skin. Available in both superficial and deep applications. Each treatment ends with the application of a hydrating serum.	25 minutes €200
RF Therapy	Radiofrequency (RF) is a non-invasive treatment that uses controlled heat, prompting collagen and elastin production that tightens skin and creates a visibly smoother surface. RF Therapy can treat the face, neck, inner arm and abdomen.	25 minutes €250
Botulinum Toxin	Minimally invasive and highly effective in addressing premature signs of aging by smoothing the skin, botulinum toxin reliability treats multiple facial areas and corrects hyperhidrosis (excessive sweating) on the underarms, feet, palms, and scalp.	20 minutes €500

Filler

- Hyaluronic Acid
- Hyaluronic acid and calcium hydroxyapatite

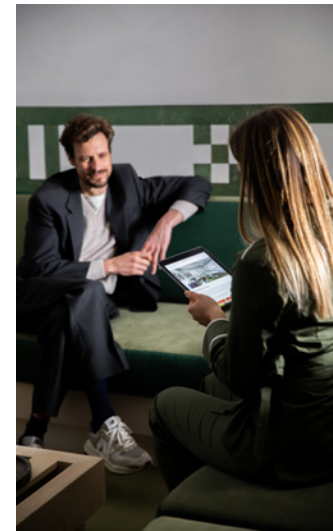

Over time, this essential ingredient for plump, hydrated skin begins to deplete. Through targeted injections, hyaluronic acid safely and effectively restores volume to soft tissues and fills wrinkles from within for a more youthful, natural-looking appearance that lasts.

25 minutes
€500 - 1,000

Bio Revitalization

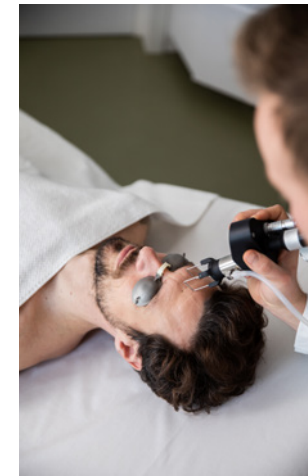

A combination of amino acids, vitamins and hydrating hyaluronic acid triggers the skin's own natural collagen production to leave your complexion looking plump, toned and moisturized. In the weeks to months following the treatment, skin benefits from dermal regeneration, with a hydrating, smoothing effect that can reduce the appearance of folds and deeper wrinkles.

30 minutes
€250 - 500

Experience aesthetic care, science-driven treatments and physicians' guidance to promote health and wellbeing during and after your stay

Contiguous to the Spa, our Wellness Center will envelope you in comfort and beauty

Our approach is consultative, open and led by a licensed medical team who work one- on-one to create a program designed to help each patient reach their goals

Preventative Treatments & Therapies

IV Therapy

Carefully formulated infusions of nutrients, vitamins, amino acids and antioxidants are administered in our IV Lounge to restore nutrient levels, replenish hydration, boost the immune system, and aid recovery from illness and exercise.

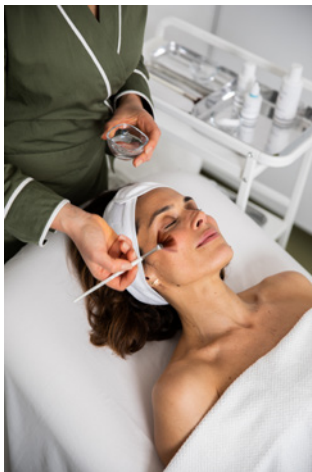

20 minutes
€300 per session

Select one of the following treatments:

Anti-Aging: Vitamins and minerals, including zinc, selenium and Vitamin C, increase the skin's ability to protect against free radicals while essential amino acids repair and maintain cellular and tissue integrity to slow the aging process.

Immuno Booster: A complete mix of vitamins, folic acid and lysine that increases the body's response to environmental stresses and strengthens the immune system.

Sports Enhancer: A blend of amino acids, minerals, biotin and taurine increases performance and maintains muscle mass while Vitamin B Complex, increases energy.

Wellness Center Etiquette

Wellness treatments must be pre-booked in accordance with health and safety measures. Please arrive at least 15 minutes before your scheduled appointment.

Valuables	We advise you not to wear valuables during your spa experience. Monteverdi will not assume responsibility in case of loss or theft of personal valuables.
Environment	We kindly request every guest to speak softly. Please turn off or switch cell phones to silent mode.
Health & Comfort	When scheduling a treatment, please inform the staff of any allergies, health conditions or pregnancy. Before treatments, you will be asked to fill out a form declaring yourself to be in good health. Our team is at your disposal to answer any questions you may have.
Cancellation Policy	We require a minimum of 24-hours notice to cancel or reschedule appointments. Cancellation made with less than 24-hours notice or no shows will be charged.
Prices	All prices are quoted in EUR and are subject to change at any time. Gratuities are not included and are welcomed at your discretion.
