The Monteverdi Spa Circuit

At the heart of the spa sits the Monteverdi Spa Circuit - a wellness ritual that invites you to rejuvenate the body and relax the mind. Our luxurious take on the timeless classic consists of warm and cold plunge pools, saunas, sensory showers and a conservatory. When combined with our treatments, it is the perfect remedy to a day well spent. Allow our therapists to guide you in the correct use of the Monteverdi Spa Circuit and enjoy a moment of rest and relaxation to recharge your energy and rebalance your psychophysical wellbeing, while surrounded by the iconic views of the Val d'Orcia.

TOTAL DURATION: 100 minutes

One-time access to the Monteverdi Circuit complimentary with a Spa treatment or € 90 per person without a reserved treatment.

The Water Path

Adapt to the warm microclimate of the wellness area by starting with a Sensory Shower – a trio of different temperatures and water pressures, combined with chromotherapeutic light, to stimulate and energize the body. Then take a relaxing soak in the underground Warm Pool (36°–37°C/97°–99°F), with its hydro-massage jets and a waterfall shower to relieve muscle tension.

20-30 minutes

Complete the circuit in the frigidarium, an invigorating cold plunge pool (11°–12°C/52°–54°F), before returning to the warm water. Alternating baths at different temperatures is an ancient therapeutic treatment to relieve body pain and stimulate circulation.

The Saunas

The Monteverdi Spa Circuit continues with the Biosauna. Combining a gentle warmth (50°–60°C/122°F–140°F) with moderate humidity (40%-60%), resulting in a regenerative and purifying experience that is focused on detoxification.

10-20 minutes

We then invite you to move to the Finnish sauna (80°-90°C/176°F-194°F), our dry sauna with picturesque views of the iconic Tuscan countryside, where you will be enveloped in a dry heat to relax muscles and release tension. Revive your body and spirit while promoting circulation and fortifying your immune system by alternating between the saunas and cold plunge pools.

8-15 minutes

Sensory Showers

Step into our Sensory Showers to enrich your experience. This multisensory hydrotherapy combines varying temperatures, scents, and chromotherapy to promote body regeneration and restore balance in the vascular system. We recommend using cold jets after the Saunas.

The Conservatory

Surrounded by views of the idyllic Tuscan countryside, the Conservatory immerses you in an inviting atmosphere before or after your Monteverdi Spa Circuit experience. Take in the breathtaking vistas while enjoying infused water or herbal tea.
